WIND AND RAIN  
STORM WEDNESDAY  
NIGHT OKLAHOMA

CREEKS OVERFLOWED,  
WIRES DOWN AND RAIL-  
ROAD TRACKS DAMAGED

By Associated Press.  
Pawhuska, Okla., June 3.—Six persons were killed today as a result of a storm that swept over Northern Oklahoma last night, according to reports reaching here. Five of the victims were drowned and the other struck by lightning. Those drowned were all members of one family.

The dead:

F. L. Blocker, aged 45.  
Mrs. F. L. Blocker, aged 35.

Mrs. Ruth Bailey, aged 21.

Belle Ruth Bailey, 7 months old, all of Hominy.

Albert L. Adams, aged 25, of Drumright.

The five members of the Blocker family were drowned when a four foot wall of water rushed down Rock Creek, two miles south of Hominy, washing away an approach to a bridge as the automobile in which they were riding approached.

The family was hurrying to Hominy to avoid the heavy rain which fell for two hours in this locality. Hearing the roar of the approaching wall of water, Blocker speeded up his car in an attempt to cross the stream before the rise struck the bridge.

The approach to the bridge went out just as the automobile started across. Seven persons were in the car. Henry, a ten year old son, and a young daughter were washed ashore.

All of the bodies except Mrs. Blocker's were recovered.

At dawn the body of Mrs. Bailey was found lodged in a tree, with the body of her infant in her arms. The other two were discovered later, some distance down the stream. Blocker was a merchant. Mrs. Bailey was a daughter of the Blockers.

About six inches of rain fell in the vicinity of Hominy during the storm. Water rose over four feet in the houses of fifty families living along the creek bank. Rescue teams were at work this morning, however, and further casualties were not expected. The creek was half mile wide in places.

Adams was an employee of the Power Company at Drumright. He was repairing a fuse that had been blown out by lightning when another flash came that proved fatal. He was married and had one child.

Considerable damage was done by storm in Osage, Pawnee and Tulsa counties. At Cleveland, several buildings were blown away. Railroad transportation was held up north of Hominy, where tracks were washed out.

Many other sections of the state reported heavy rainfall and high winds but little damage was done.

By Associated Press.  
Oklahoma City, Okla., June 3.—A wind, rain and electrical storm swept Northern Oklahoma late last night, impairing telegraph, telephone and railroad facilities and causing small creeks and rivers to overflow.

At Hominy water stood three feet deep in places and about 50 families marooned in lowlands south of the town were awaiting arrival of rescue parties today.

A similar situation prevailed at Cleveland, Pawnee county, where rainfall in one hour amounted to nearly six inches. One side of a business house was blown away by wind.

Efforts were being made to restore traffic on the Missouri Kansas Texas Railroad between Cleveland and Osage which was suspended after part of the tracks were washed out last night.

**PRESIDENT CALLES  
FIRM IN HIS STAND  
ON CONSTITUTION**

NOTIFIES ARCHBISHOP AND  
ALL OTHER CATHOLIC  
DIGNITARIES IN LETTER

By Associated Press.  
Mexico City, June 3.—President Calles has sent a strongly worded letter to the Catholic Archbishop, Mori Del Rio, in which he serves notice without qualification upon the Archbishop and all other Catholic dignitaries in Mexico that they must obey Mexican laws or suffer the consequences.

The president charges Catholic prelates with unpatriotically causing agitation both within and without Mexico and says this effort will not succeed in causing the Mexican government to change its resolute purpose of enforcing the laws and constitution.

T. S. Miller of Waco was here today.

## UNSEASONABLE WEATHER AND HEAVY RAINS REPORTED FROM CANADA, MEXICO AND FRANCE

### SENATE COMMITTEE RECOMMENDS DELAY PRO REFERENDUM

### MODIFICATION EIGHTEENTH AMENDMENT OPPOSED BY COMMITTEE

By Associated Press.  
Washington, June 3.—Indefinite postponement of all proposals for modification of the dry laws and for a national prohibition referendum were recommended today by the Senate Prohibition Committee.

This action still is subject to approval by the Judiciary Committee, of which the Prohibition Committee is a part, but it is expected to occur.

The report of the committee, drawn by Chairman Means, said the Eighteenth amendment was ratified according to a proclamation of the secretary of State and "we believe this amendment to be morally right and economically wise."

"The advocates of modification of the present prohibition laws propose to directly or indirectly authorize the manufacture and sale of intoxicating beverages. This is contrary to the spirit of the eighteenth amendment."

The committee's decision did not surprise the modificationists. In anticipation of it they already have introduced several of their bills as amendments to the administration measure now on the Senate calendar. There is little likelihood, however, that this bill will come to a vote at the present session.

### TEXAS HIGHWAY ASSOCIATION TO ANSWER GOVERNOR

### DECISION NOT CALL EXTRA SESSION NOW NOT PLEAS- ING TO COMMITTEE

By Associated Press.  
Dallas, Texas, June 3.—A special committee of the Texas Highway Association conferred here today in legislative session on Governor Ferguson's recent decision not to hold an extra session at this time for validation of Texas road bonds.

J. A. Kemp, of Wichita Falls, chairman of the committee, said that perhaps a statement outlining the committee's viewpoint on the governor's letter refusing the session would be prepared later in the day. He intimated that it a session could not be obtained before the primaries that the committee would urge the call for next fall, but did not state this as the view of the committee.

Rex L. Goodwin of Hillshoro was here Thursday.

By Associated Press.  
New York, June 3.—The United States is not the only country experiencing unseasonable weather. France and Mexico are being drenched with rain, while portions of Canada are in the grip of a cold spell. Gales bring these meteorological tidings.

There is not an inch of France on which rain is not falling. Paris advises say except in places in central Auvergne, where it is snowing or hailing.

A tempest of almost cyclonic violence accompanies the rain along the coast of Brittany. It is playing havoc with small craft and harbors are filled with stormbound shipping. A tidal wave occurred yesterday at the summer resorts along the Loire river. At Pornic, the water rose ten feet in as many seconds. Considerable damage was done on shore.

Toronto reported heavy overcoats and furnaces were in order last night following a phenomenal drop in the temperature after a week of mid-summer weather. A light frost was noticeable on the ground. Records show that just one year ago heat prostrations were occurring in Toronto. At Hamilton, Ont., there was a freak June storm during the night with a heavy fall of large hail stones.

In Mexico rains for the last few days throughout a considerable portion of the country have done much material damage. Railroad trains have been delayed by washouts.

BROTHER CORSICANA  
MAN LOSES LEG IN  
AUTO ACCIDENT

### NATHAN DAICHES HAS LIMB CRUSHED BENEATH SWITCH ENGINE FORT WORTH

Surgeons amputated the right leg of Nathan Daiches, 28, 510 West Bellknap street, Wednesday shortly after he was injured at the Santa Fe cross on East Weatherford street when a Santa Fe switch engine struck the automobile in which Daiches was riding.

Daiches' car was dragged about 100 feet before the engine came to a stop, witnesses said. Daiches was thrown partly beneath the locomotive and his leg was crushed. He was taken to St. Joseph's Infirmary in a Robertson & Mueller ambulance.

Daiches was on his way to work at the East Side grocery store when the accident occurred. Attendants at the hospital reported his condition improving Wednesday afternoon.—Fort Worth Star-Telegram.

The young man mentioned in the above accident, Nathan Daiches, is a brother of Dr. Sam Daiches of Corsicana. Dr. Daiches learned today in a telephone conversation that his brother is doing nicely and stated he would visit him next Sunday in Fort Worth.

J. W. Strong and wife were here Thursday from Dallas.

### "BACK SEAT" DRIVING CAUSE FOR DIVORCE

By Associated Press.

San Francisco, June 3.—"Back seat" automobile driving is a just cause for divorce. The State Supreme Court said so today.

Claude H. Harman, San Francisco, locomotive engineer, sued in the lower courts for divorce on the grounds that his wife, Jessie, belittled his ability as a driver by constantly telling him from the back seat just how he should negotiate the dangerous curves ahead. The trial court refused the decree and Harman appealed to the State Supreme Court. The higher tribunal granted him the decree and thereby put "back seat" driving in the category of legitimate divorce grounds.

The nominations were re-committed last week after senators had opposed some of the appointees on the ground that they were disqualified because as employees of the Internal Revenue Bureau they had acted upon tax cases which would come before the board.

S. M. Byers was here from Beaumont today.

## EUREKA WELL REPORTED GOOD FOR FIVE HUNDRED BARRELS AT 980 FEET

### FAVORABLE REPORT ORDERED TAX BOARD NOMINATIONS TODAY

By Associated Press.

Washington, June 3.—For a second time the Senate Finance Committee today ordered a favorable report on the nomination of the sixteen members of the board of tax appeals.

The nominations were re-committed last week after senators had opposed some of the appointees on the ground that they were disqualified because as employees of the Internal Revenue Bureau they had acted upon tax cases which would come before the board.

A large crowd of oil fans went to the well this afternoon. It will no doubt prove a very profitable producer. The test was started last year, and had been shut down for several months, when Mr. Farris took it over. It is located on the Fulwood farm, and was originally started by the Eureka Oil Operators.

The shallow test at Eureka, being drilled by B. F. Farris struck oil at a little less than 1,000 feet early this afternoon and the well is said to be good for about 500 barrels oil a day.

Coring had been under way at this well for the past several days, and the hole was deepened. The bailing was run this morning, and the well is flowing.

A large crowd of oil fans went to the well this afternoon. It will no doubt prove a very profitable producer. The test was started last year, and had been shut down for several months, when Mr. Farris took it over. It is located on the Fulwood farm, and was originally started by the Eureka Oil Operators.

## STOLEN STYLES

In asking congress to grant them copyright protection for their dress designs, the manufacturers and retailers of the better grades of women's apparel complain that they pay large sums to designers for models which are seen, quickly copied in cheap material and sold by competitors before they can reimburse themselves for the designing costs. Neither will these customers who demand the exclusive and expensive order models of which they see cheap copies.

Strange to say, the women have established a lobby against the bill. They charge an attempt to put all womanhood in a standardized uniform and warn man not to interfere by statute with feminine fashions. The lobbyists have shown a true politician's gift for missing the point and evading the issue.

Perhaps the women discover in the proposed copyright a move to prevent home dressmakers from "shopping" for ideas for their own sewing rooms. This right to make her own dresses from the models of the famous commercial designers is jealously guarded by woman hood and any suggestion that this borrowing of dressmaking ideas is a form of larceny is highly resented by her.

Had the anti-copyright lobby given a little thought to its subject, these females would have saved themselves much anxiety and distress. The proposed law would not operate against those who plagiarize dress designs for their personal use and would guarantee that exclusiveness and individualism in dress so precious to all women.

## WOMAN'S PLACE.

Old-fashioned folk, and not a few who would resent any imputation against their "progressiveness," continue to look askance upon the freedom come to woman and seized with avidly by the more youthful members of the gentler sex. They worry about the future of the race, believing of affecting to believe that it is seriously menaced by the mingling of the sexes in all the activities of the modern life. In one way of looking at it this is complimentary to woman; from another viewpoint it is reverse of complimentary. It ascribes to woman a superiority of virtue and culture that in the main she fully merits. Concern for maintaining her in this high state is the assumed justification for criticism of her conduct. But the critics also, inferentially at least, attribute the superior ethics of woman to her aforesome presumption of ignorance of the ways of the world. Yet they profess faith in her ability of mankind.

It may be open to question if the more cloistered women of past generations exerted an influence for betterment greater or less than those who take liberty equal to man's today. But woman's responsibility then was moral only. Today it is legal. Can she exercise that responsibility if she be ignorant of what is going on? And how else can she inform herself of the shortcomings of man's government and propose changes in enhancement of the common welfare unless she mingles freely in the life around her? In getting her facts at first hand she equips herself to talk and act intelligently when remedies are proposed. If there be risk to her in this procedure, it is a risk that must be run. But if she has the character which all believe to be inherent in her the danger is so slight that it need not be a cause of concern.

The flaunted prudishness of another age had no power to improve the morals of man nor increase his sense of justice, which

is convincing that something else was necessary. Had it been efficacious there would have been no need for the change through which woman has achieved not only that freedom which is starting to some but which clothes her with a responsibility that she has accepted with every indication of serious purpose not to abuse it.

## SWAT THE FLY

"The fly is a serious health menace to every family that harbors it," states Dr. O. H. Sappington, State health officer, who urges citizens of the state to use every means possible in exterminating this filthy, disease carrying insect.

The finding of sanitary science have conclusively proven that the fly is an enemy to mankind. A creature of filth, he crawls from one loathsome object to another, covering his hairy legs with disease germs, which if given an opportunity, he transfers to exposed food on table or sideboard, and the baby's face, hands and milk bottle.

"Some of the diseases, the germs of which he most commonly spreads, are typhoid fever, dysentery, enteritis, and infantile diarrhea. Being a prolific breeder, one fly can propagate millions of the species during a single season.

Start your fly extermination campaign early in order to keep breeding at minimum.

The principal effort to control this dangerous insect must be made at the source of supply—its breeding place. Absolute cleanliness and the removal or destruction of anything in which flies may breed are essential.

The favorite breeding place of flies is horse or other animal excreta; but if this is not available, they will lay their eggs on a great variety of decaying vegetable and animal materials. Barnyards, chicken yards, etc. should be cleansed and disinfected often. Garbage and waste that cannot be burned or buried, should be kept in tightly covered garbage cans until removed from premises. Open-back closets are a serious health menace and should be replaced with pit privies.

"Dwelling houses should be screened with 16-mesh wire, and all screens should fit tightly and be kept in a state of good repair. Swat every fly that makes his appearance on the inside of a screened home, and where necessary resort to the use of fly traps and fly paper. Literature on fly extermination will be sent on request to your state board of health, Austin."

## WHERE TO KISS

A Maryland health official, alarmed over the germ peril in osculation, makes the statement that the safest place to kiss a girl is on the nape of the neck. Maybe so. But in our opinion the location of a safety zone so remote from the lips will

"The findings of sanitary science youth" of Corsicana. For indications are that he counts a kiss on the lips worth any risk. Man has been subjecting himself to such peril for thousands of years, and still glories in his hardihood.

Aside from the matter of germs in these days of women's athletic prowess the back of the neck may be the saddest point of attack for one on kisses bent. But such approach on the unsuspecting fair one hardly seems like a square deal. Furthermore, such strategy promises little in the way of satisfaction. If the back of the neck had been intended as the place of osculation so much enticing and alluring beauty would not have been centered in a girl's lips.

The father who made rash promises early in the school year to his son or daughter for good grades made is now making payment. Although the father may outwardly appear to pay those promises with some reluctance, yet deep down in his heart he is very proud of the record of his child and will do anything within reason for the pleasure of his boy or girl, even though it calls for a sacrifice on the father's part.

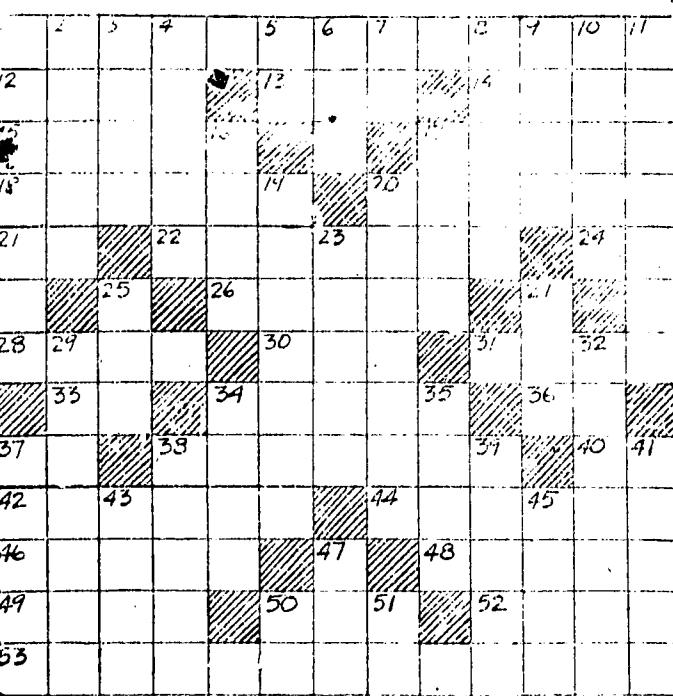

Good roads talk continues to be heard above the noise of political arguments in all sections of the county. Regardless of who is elected governor Navarro county still needs a system of hard surfaced highways.

Do not delay in launching your campaign to eliminate the mosquito pest. Oil all open water at regular intervals. Mosquito control is a very simple matter provided a systematic battle is waged.

The heavy rain which fell in all sections of the county Monday night will prove very beneficial to crops according to reports. A bumper crop is indeed in the making in Navarro county this season.

Richland News.

Special to the Sun.

Richland, Texas, June 3.—The expression class put on a play, "The Blessed Boy," at the local theatre and was greatly enjoyed by a large crowd. Those taking part were Anna Simmons, Rowena Green, Evelyn Jones, Ima Hazel Knott, Helen Parker, Lois Simmons, Millie J. Carter.

A wedding of interest in Richland was that of Mr. Reagan Swink and Miss Winnie Hendon which occurred at the First Baptist church Friday evening at 8 o'clock.

Rev. J. B. Ingle, pastor, officiating. The bride was charming in a silver grey flat crepe and chiffon and accessories to match. Miss Hendon is the daughter of L. W. Hendon, a prosperous farmer of this place.

Mr. Swink is the son of R. E. Swink, a prosperous grocer and market man. All of Richland are extending hearty congratulations to the happy pair. Mr. and Mrs. Swink will be at home to their many friends at the Swink Hotel.

The Workers Council will meet at the First Baptist church on Monday, June 7th. There will be an all day business session held which will be entirely devoted to the young people. All are cordially invited to attend. There will be a plated lunch served.

Mr. Eddie Smith, an old resident of this place died very suddenly at Houston at 10 a. m. May 31, 1926. Mr. Smith was mail clerk.

Mr. and Mrs. Sam Gerber were Fort Worth visitors Sunday.

Mmes. R. N. Brunner and P. G. Griffin were shopping in Hillsboro Monday.

Miss Ethel Smith, who has been teaching in New Mexico, is at home on a vacation and her parents, Mr. and Mrs. George Smith.

Blooming Grove News.

Special to the Sun.

Blooming Grove, Texas, June 3.

—Miss Annie Wagner of Dallas attended the commencement exercises Thursday night.

Mr. and Mrs. B. D. Pierce who were recently called here on account of the serious illness and death of their grandmother, Mrs.

Knives All Kinds  
And Descriptions in  
Office of Justice

Knives: Knives!

Swivy-backed, hump-backed knives, others in many shapes and sizes, pearl-handled, varl-colored, sharp, dull, gapped, rusty and bright knives are among the collection that has accumulated in Judge J. J. Sullivan's office in the county court house.

An inspection there revealed that there were ninety-two specimens of cutlery that had been carried in the pockets of at least that many men. Almost every kind of knife is to be found among the collection.

Could the discarded tools speak a collection of storied the number of which could not be contained in one volume of short stores would be available.

Some of the knives are labeled and the tags showing their owners in many instances have been lost.

The knives were taken from arrested prisoners by officers and the owners did not call for those articles. Maybe they were from drunks who did not remember of being relieved of their property and are at a loss as to the whereabouts of the utensils.

The knives range from small pen-knives for sharpening pencils and like work to those that assumed the proportions of dirks. Some of the knives showed that the blades had been filed or cut off to come within the limit provided for by the law concerning dangerous weapons.

At any rate, it is an odd collection of antiques.

J. M. Carroll of Emhouse called

at the Sun office Wednesday afternoon and exhibited an unusual Irish potato. The potato was of normal size but was two tone in color. The skin of one half of the potato was red while the remaining half was white. It would seem the potato is keeping abreast of the times in the automobile world with this latest body finish of two colors.

Mr. and Mrs. Alyn Gordon, Sr. attended the graduation exercises of Allyn Jr. in Corsicana this week. It will be remembered that Mr. and Mrs. Gordon graduated at the same school twenty-two years ago.

Mr. and Mrs. A. R. Plant is visiting his father in Cunnerville. He will also visit San Marcos.

Mrs. S. Lansford has returned home from Groesbeck where she has been visiting.

Mrs. Joe Stuges from Cross Plains is visiting Mrs. E. E. Gilbert this week.

Mrs. Joe O'Connell and little daughter, Joe Eve of Honey Grove are spending the weekend with their parents, Mr. and Mrs. Will Davis.

Mr. and Mrs. P. R. Bond and their daughters, Jane and Mavie, from Santa Anna, were guests of Mrs. E. E. Gilbert. They went from Richland to the Bankers convention in Galveston. Mrs. E. E. Gilbert carried her expression class piano on Thursday last. All had a very enjoyable time.

The Workers Council will meet at the First Baptist church on Monday, June 7th. There will be an all day business session held which will be entirely devoted to the young people. All are cordially invited to attend. There will be a plated lunch served.

Mr. Eddie Smith, an old resident of this place died very suddenly at Houston at 10 a. m. May 31, 1926. Mr. Smith was mail clerk.

Mr. and Mrs. Sam Gerber were Fort Worth visitors Sunday.

Mmes. R. N. Brunner and P. G. Griffin were shopping in Hillsboro Monday.

Miss Ethel Smith, who has been teaching in New Mexico, is at home on a vacation and her parents, Mr. and Mrs. George Smith.

### FORMER KERENS MAN DROWNED IN BOSQUE AT WACO

Special to the Sun.

Kerens, Texas, June 1.—J. Bates McKinney of Waco, who was drowned in the Bosque river Friday afternoon in a vain effort to rescue his Sunday School pupil, Wilbur Moser, aged 12, who was drowning in the "Blue Hole" near Walker's Crossing, was buried in the Kerens Cemetery Sunday morning, Rev. W. A. Corkern officiating.

After the burial services and floral offerings those present were dismissed, only the honorary pallbearers and the immediate family remaining while the grave was covered. Mr. McKinney was an American Legion man of Waco, and had the flag placed at the head of his grave by a member of the Stephen A. Graves Post of Kerens.

The deceased is survived by his wife and a small daughter, Meli-Jean. He was the son-in-law of Mr. and Mrs. J. B. Reese of this city. Active pallbearers were A. L. Bain, R. E. Ford, L. Murphy, Charles Reese, R. H. Mays, Chester Ray and a brother-in-law of Mr. McKinney.

## ANOTHER BOMBING FOLLOWS IN WAKE OF CONVICTION TWO FOREIGNERS CHARGE MURDER

By Associated Press.  
West Bridgewater, Mass., June 1.—The home of Samuel Johnson, brother-in-law of Mrs. Simon Johnson, one of the star witnesses for the State in the Sacco-Van-Zetti prosecution, was dynamited this morning but Johnson and seven members of his family escaped uninjured. The house was demolished. The blast was heard and felt ten miles. Although hurled from their beds and severely shaken members of the Johnson family otherwise were unharmed. The Johnson home is about a mile from that formerly occupied by Bartolomeo Van-Zetti, who with Nicola Sacco, was tried and convicted for murder in connection with the robbery of a paymaster in South Braintree on April 15, 1920.

The case attracted international interest and radicals in many countries undertook to raise funds to help the defense. When the men bailed with the oil spattered from were convicted, numerous bombings were attributed to sympathizers and when the Massachusetts Supreme Court recently refused to allow an appeal, the decision was followed by the bombing of the United States Embassy in Argentina.

Counsel for the defendants has announced plans for a move to obtain a new trial. In the meantime a sentence of death has been stayed.

### Ice Cream Supper

There will be an ice cream supper at Providence School House Friday night, June 11th, benefit of the church. All candidates have a special invitation. Everybody welcome.

### CALIFORNIAN WON \$40,000 CASH WHEN HE TOOK CLASSIC

By Associated Press.  
Indianapolis, Ind., June 1.—Frank Lockhart of Los Angeles, debonair as a veteran campaigner of the bricks and pine bowls, though driving his first major engagement, won the fourteenth annual 500 mile race at the Indianapolis Motor Speedway yesterday. The race was worth slightly more than \$40,000 to him, lap prizes and accessory trophies and prizes augmenting the \$20,000 first money. He made his start in California road racing.

The race was halted at the 175 miles mark by rain, which, however, did not stop the race. When the men bailed with the oil spattered from were convicted, numerous bombings were attributed to sympathizers and when the Massachusetts Supreme Court recently refused to allow an appeal, the decision was followed by the bombing of the United States Embassy in Argentina.

Counsel for the defendants has announced plans for a move to obtain a new trial. In the meantime a sentence of death has been stayed.

Harry Hartz won second prize of \$10,000 for the third time in his competition in this race. Cliff Woodbury pulled up third, winning \$3,000. Others who placed were Fred Comer, fourth; Peter DePaulo fifth; Frank Elliott, sixth; Ralph Bratton, seventh; Ralph Hepburn, eighth; Phil Shafer, ninth, and John Duff tenth.

### ALL PASSENGERS ABOARD SINKING VESSEL ARE SAVED

By Associated Press.  
New York, June 1.—Rammed by a steel barge loaded with 700 tons of oil, the \$1,000,000 excursion steamer Washington Irving sank in a dense fog in New York harbor today after the 200 passengers and the crew of 150 had been transferred to other boats.

The Washington Irving had left its pier at the foot of Desbrosses street but a few moments when it was struck. The identity of the colliding vessel did not appear in the early reports received by the officers of the line here.

Water came into the damaged hold so fast that shortly after the last passenger had been taken off the boat had sunk to such a depth that only the superstructure was visible.

When the liner left her pier for her daily run to Albany there was a dense fog. As she was pushing into the haze a tanker or large tug (early reports differ on this point) crashed full into the side wheeler, which immediately showed signs of foundering.

Nearby crafts of all descriptions swarmed to the assistance of the vessel and passengers were transferred and taken ashore. An effort was made to run the damaged craft to the Jersey shore but about 10 feet from land it settled to the bottom with only the upper part in sight.

The vessel was a 3,000 ton steel "side wheeler" which plied between New York and Albany. It was 400 feet long and was built in Camden, N. J., in 1913.

Mrs. Addie Sargent, of Garland, Utah, one of the passengers, gave a graphic description of the accident. She said that as the Washington Irving left its pier and nosed upstream there was a collision which ripped a large hole beneath the water line, causing much consternation among the passengers.

There was a rush for life preservers and many passengers were prevented from leaping overboard by the coolness of the captain she said.

The skipper immediately organized his crew into rescue squads, detailing some to obtain life preservers for the passengers, others to quiet those who were panic-stricken and still others to blow a signal of distress. A number of river tugs immediately sped toward the sinking ship.

The captain then directed that the Washington Irving's life boats be swung out and the passengers landed to the tugs and landed at various points along the river front on the New York shore.

Captain Deming reported that his boat was struck by a tanker which appeared suddenly out of the fog and after the collision apparently was on its way.

The whole affair happened so quickly that no one on the passenger boat was able to obtain the name of the tanker. A large hole was ripped in the Washington Irving, just back of her port paddle.

Another Steamer in Trouble.

By Associated Press.  
New London, N. J., June 1.—With a heavy list to starboard, considerable water in her hold, and her paddle-wheel smashed, the Fall River Liner, Priscilla, with 560 passengers aboard, which grounded on Great Gull Island, Long Island Sound, in a fog last night, arrived here this morning in tow of a tug.

The passengers, who spent a sleepless night after being violently awakened when the craft struck the beach, boarded special trains that awaited them here and were taken to Newport and Fall River. The Priscilla was en route from New York to Fall River when she grounded.

### WHEELER DEFENDS PAYING SPEAKERS IN DRY CAMPAIGN

By Associated Press.

Washington, June 1.—Defending the propriety of paying members of Congress for speeches favoring prohibition, Wayne B. Wheeler, general counsel of the Anti-Saloon League, in a statement published today, said his organization never had paid a Senator or Representative for introducing or championing a bill.

His statement was issued in reply to one made public by Representative Tinkham, Republican, of Massachusetts, announcing that he intended to introduce a resolution today providing for an investigation by a special House committee to ascertain whether Representative Cramton, Republican, of Michigan, or other members had received money or fees from the Anti-Saloon League or any other organization interested in legislation pending before Congress.

Hold that a member of Congress "who has ability enough so that the people want to hear him should not be stopped from his service simply because he is a public official." Wheeler asserted that "when a Congressman makes a speech for prohibition, his expenses and something at an honorarium is paid by the organization that arranged for it."

Representative Tinkham's charge that the head of the league's professional lobby has admitted that \$2,500,000 was spent in one year and \$100,000 in a single Congressional election" brought from Wheeler the statement that Tinkham's hallucinations about the League spending two and a

### SICK HEADACHE

No Pleasure, Says Ohio Lady, to Go Places, Till She Took Black-Draught Which Brought Relief.

Langsville, Ohio.—"For years and years I suffered with severe headache," says Mrs. Jane Campbell, of this place. "It wasn't any pleasure for me to go places, for I came home with sick headache. If I went to church or to any social gathering or to town to shop, when I got back I would have these headaches and have to go to bed for a day or more, till I would just get out of heart and would not try to go."

"About 15 years ago I discovered that Black-Draught was good for these headaches. I began using it; I would take it two or three nights in succession if I felt the least bad, and it sure did wonders for me. It is about 14 years since I had sick headaches, and I can go places and really enjoy life. It surely is splendid."

Headache often is a symptom of constipation. The best relief is secured by treating the cause of the trouble and in such a case many people have been greatly helped by the use of Thedford's Black-Draught.

Purely vegetable. Recommended for young and old. No harmful after-effects. Sold everywhere. NC-169

## FORMER OFFICER OF DALLAS COUNTY TRAGEDY PRINCIPAL

By Associated Press.

Dallas, June 3.—James E. Duncan, aged 44, former special deputy sheriff, shot and killed Mrs. Octavia Peacock, aged 34, and then fatally wounded himself with a pistol here Thursday at her home. Police could find no explanation of the tragedy.

Four shots were fired. One pierced the woman's heart, one pierced her head. She died two hours after the shooting.

The woman was the mother of four children, who witnessed the killing. Her husband, away at work, could give no reason for the shooting when summoned shortly after.

One of the children, Louise, aged 15, who was laying out her grammar school graduating dress when Duncan came, said that he had called at other times when her father was absent.

Duncan came in without a word,

### SOUTH PLAINS TERRITORY IS CLAIMED BY SEVERAL RAILROADS AS OWN

By Associated Press.

Washington, June 3.—Additional exceptions to the recommendations of an examiner regarding the proposed construction of new lines in the South Plains section of Texas were filed with the Interstate Commerce Commission today by the Pecos and Northern Texas and the Atchison, Topeka and Santa Fe.

The commission was asked to find that public necessity does not require the proposed construction by the Texas Panhandle and Gulf,

the Fort Worth and Denver, South

Plains and the Quanah, Acme and Pacific railroads but did require the building by the Pecos and Northern of branches from Liberal to Silverton and from Plainview to Dimmitt.

Construction by the Panhandle under the conditions proposed by the examiner, the brief asserted, would "prejudice the interest of the Santa Fe lines upon the South Plains," and like the Denver and the Quanah in a less degree, would "divert traffic developed by the long continued efforts of the Santa Fe which it could ill afford to lose."

"Useless duplication and ruinous competition," the brief added, "should be excluded from the Texas South Plains." The prudence and foresight of the pioneer railroad builder should be rewarded."

The South Plains committee also filed a brief taking issue with that part of the report recommending a conditional construction certificate be granted the Panhandle.

"While they are explaining, they might also explain why the young attorney general agreed with the Magnolia Petroleum Company to release it from the anti-trust provisions which Attorney General Looney fastened on it in 1913," said Davidson.

"Attorney General Looney fined the Standard Oil Company \$500,000, and put the Magnolia in trusteeship for violating the anti-trust laws. And there it stayed until last October when Moody went to Greenville and without a struggle agreed with the Magnolia attorneys that the trusteeship should be dissolved. The reason given was that the stock in trusteeship had passed from control of the Standard of New Jersey to the Standard of New York. Perhaps the Moody supporters will explain why General Looney could win a \$500,000 fine and trusteeship against the Standard of New Jersey but Moody couldn't even hold the trusteeship which Looney won against the Standard of New York."

Another explanation which Davidson said Moody might make is his attitude of prohibition and "why he has been so long in making it known."

"I am out in the open in all issues. I believe Fergusonism is a stain on Texas political history but I am not trying to ride into office with no qualification except my anti-Fergusonism."

Moody refused to approve the bonds because of the decision of the United States Supreme Court in the Archer county district road bond case does not involve county wide bond issues, W. P. Dumas of Dallas contended today before the Texas Supreme Court.

Mr. Dumas is representing Tom Green county, which seeks a mandamus to compel Attorney General Moody to approve a \$700,000 county wide issue.

There was also submitted the case of C. C. Hawley et al against O. T. Waelder, Wilbarger county judge, in which the plaintiffs will charge unequal taxation because of the formation of a subdivision of the county wide road bond issue, which would increase taxes for that particular subdivision.

Moody refused to approve the bonds because of the decision of the United States Supreme Court and this opinion was upheld by the arguments of C. A. Wheeler, assistant attorney general.

Although Harris county did not join in the proceeding brought by Tom Green county, John G. Logue, of Houston, as a "friend of the court" spoke in behalf of the Tom Green issue.

Mr. Dumas quoted the last sentence of the opinion of the United States Supreme Court in the Archer county case: "The act is repugnant to the due process of the Fourteenth Amendment."

He contended this language applied only to that portion of the act authorizing the issuance of road district bonds. "The validity of county road bonds in Texas are not and cannot be affected by the court's opinion."

J. M. Thompson was here today from Houston.

Mr. and Mrs. F. L. Maxwell was here today from Texarkana.

A. P. Angier of Waco was here today.

T. A. Peebles of Waco was here today.

The children said, and sought out Mrs. Peacock in the kitchen. After the first shot, Louise said, her mother ran out of the kitchen pursued by Duncan, who fired another shot through a closed door at her. He burst through the door and fired another shot, she said.

Duncan is survived by his wife and two children, two of whom are married. Mrs. Duncan was unable to account for the tragedy.

"He has always been a good husband," she said. "We were married in 1898 and have always been happy. He left home this morning and kissed me and the children good-bye."

## LYNCH DAVIDSON ATTACKS RECORD OF DAN MOODY IN SPEECH AT LUFKIN TODAY

By Associated Press.

Lufkin, Texas, June 2.—Two things have given Texas nationwide attention directly, a good business and bad government, Lynch Davidson declared here today in a speech furthering his candidacy for governor.

"If Texas wants to speed that great industrial expansion for which we are all hoping the first thing to do is to flush to the world that good business is going in hand with business government," said the candidate.

While he said he believed legitimate capital of all kinds should be encouraged to come to Texas, he did not "deem it necessary to surrender our natural resources entirely to the hands of such a monopoly as the Standard Oil Company."

Construction by the Panhandle under the conditions proposed by the examiner, the brief asserted, would "prejudice the interest of the Santa Fe lines upon the South Plains," and like the Denver and the Quanah in a less degree, would "divert traffic developed by the long continued efforts of the Santa Fe which it could ill afford to lose."

"Useless duplication and ruinous competition," the brief added, "should be excluded from the Texas South Plains." The prudence and foresight of the pioneer railroad builder should be rewarded."

The South Plains committee also filed a brief taking issue with that part of the report recommending a conditional construction certificate be granted the Panhandle.

"While they are explaining, they might also explain why the young attorney general agreed with the Magnolia Petroleum Company to release it from the anti-trust provisions which Attorney General Looney fastened on it in 1913," said Davidson.

"Attorney General Looney fined the Standard Oil Company \$500,000, and put the Magnolia in trusteeship for violating the anti-trust laws. And there it stayed until last October when Moody went to Greenville and without a struggle agreed with the Magnolia attorneys that the trusteeship should be dissolved. The reason given was that the stock in trusteeship had passed from control of the Standard of New Jersey to the Standard of New York. Perhaps the Moody supporters will explain why General Looney could win a \$500,000 fine and trusteeship against the Standard of New Jersey but Moody couldn't even hold the trusteeship which Looney won against the Standard of New York."

Another explanation which Davidson said Moody might make is his attitude of prohibition and "why he has been so long in making it known."

"I am out in the open in all issues. I believe Fergusonism is a stain on Texas political history but I am not trying to ride into office with no qualification except my anti-Fergusonism."

Moody refused to approve the bonds because of the decision of the United States Supreme Court and this opinion was upheld by the arguments of C. A. Wheeler, assistant attorney general.

Duncan is survived by his wife and two children, two of whom are married. Mrs. Duncan was unable to account for the tragedy.

"He has always been a good husband," she said. "We were married in 1898 and have always been happy. He left home this morning and kissed me and the children good-bye."

## FAMOUS FOOTBALL STAR WILL SPEAK CHAUTAUQUA HERE

Speaking in the language of the football player, once in a very great while there comes along a player who is "All-American" and nothing else but.

Such a player is Ed Weir, the left tackle and captain of the Nebraska football team, who will lecture on Character and Clean Athletics at the Chautauqua which is being brought to Corsicana. Weir will speak on the fourth day.

Put Weir on a team of the greatest individual players in the country and put that team against eleven more of the same sort, and the chances are very good that Weir's presence would be noted, and that at once. He is that kind of a player—fast and furious, the kind of a player that makes life worth while for "All-American" pluckers.

In addition to his lecture on Character and Clean Athletics, Weir explains and demonstrates some health building exercises—exercises that go for increased efficiency, better health, and leave

good health of a nation, Corsicana should be greatly interested in the here today.

W. B. Ramsey of Austin was here today.

Mrs. R. E. White was here from Port Worth today.

A. B. Burns of Groesbeck was in Corsicana today.

# REHEARING DENIED FORMER ARKANSAS OFFICIAL BY COURT CRIMINAL APPEALS OF TEXAS

By Associated Press. Austin, Texas, June 2.—The defendant which has been suspended from the Texas Court of Criminal Appeals, was affirmed. Shortly after his today denied a motion for re-hearing which had been filed by W. H. Hall, former Brown was convicted of a felony in member of the Arkansas State Federal Court which made his state Board of Control who has been serving as a fugitive, the court held fighting extradition to that state. Brown, with W. J. L. Goodman, a five-year sentence for mail Austin, Texas, June 2.—The defendant which has been suspended from the Texas Court of Criminal Appeals, was affirmed. Shortly after his today denied a motion for re-hearing which had been filed by W. H. Hall, former Brown was convicted of a felony in member of the Arkansas State Federal Court which made his state Board of Control who has been serving as a fugitive, the court held fighting extradition to that state. Brown, with W. J. L. Goodman,

he was serving a sentence for mail Austin, Texas, June 2.—The defendant which has been suspended from the Texas Court of Criminal Appeals, was affirmed. Shortly after his today denied a motion for re-hearing which had been filed by W. H. Hall, former Brown was convicted of a felony in member of the Arkansas State Federal Court which made his state Board of Control who has been serving as a fugitive, the court held fighting extradition to that state. Brown, with W. J. L. Goodman,

The court had previously decided that Hall should be returned to Arkansas, where he had been released from prison by the acting governor. He was serving a sentence for misapplication of state funds. A requisition for Hall's return was honored some time ago by Governor Ferguson.

Hall has only two remote probabilities of preventing his return to Arkansas. States attorneys here today. He can file a second motion for re-hearing, which attorneys for the state said was doubtful, or seek a writ of error before the supreme court.

Mandate will be issued immediately in event neither of these actions are resorted to, and Hall will be returned to Arkansas without further ado as extradition has already been granted and he is remanded to Arkansas authorities.

**Other Decisions Rendered.** By Associated Press.

Austin, June 2.—Proceedings in the Court of Criminal Appeals today include:

Affirmed: Glenn Oakley, Jefferson; Ed Staleup, Jefferson; Jack O'Burke, Jefferson; Rosa Comella, Jefferson; Lorraine King, Jefferson; Ralph Brown, Jefferson; Aaron Robinson, Eastland; Leonard Cobb, Jefferson.

Reversed and remanded: N. S. Rives, Tom Green; Bob Smurall, Tom Green; Earl Shannon, Navarro.

Appeal dismissed: R. G. Frazier, Bell.

Validity of the law establishing the Port Arthur corporation court was upheld today by the Court of Criminal Appeals. Six fines for minor offenses were imposed by the court were affirmed.

The appellate court pointed out there is nothing in the constitution requiring a corporation court judge to be elected. The Port Arthur judge is appointed by the city commissioners.

The case of Glenn Oakley, fined \$25 for vagrancy was made the basis of the court's opinion.

The court pointed out that the Port Arthur court was dissimilar to the Texarkana court of law, which was authorized by a special act of the legislature, and which was held unconstitutional.

Action of the Dallas county trial court in compelling Joe Brown to

## CLOSING EXERCISES KINDERGARTEN DEPT. ODD FELLOWS HOME

The closing exercises of the Kindergarten Department of the Odd Fellows Orphan Home were held Tuesday evening at 8 o'clock in the auditorium of the institution. Miss Ruth Price is in charge of this department of instruction, and the entire exercises of the evening reflected credit upon her abilities.

Two short tableaux were presented by the children. The first told in dramatic form some of the most familiar of the Mother Goose rhymes. The second was the story of the adventures of two children in Fairyland, and especially as visitors in the court of the King of Fairy.

Miss Josephine Forbes of El Paso, president of the Rebecca Assembly of Texas, was present and delivered the diplomas of graduation to eight of the small students. Mrs. Forbes spoke of

**FOR COUNTY TREASURER.**  
May 19, 1926.  
Mr. T. J. Oliver, Corsicana, Texas.

Dear Mr. Oliver: I have been watching with interest your race for election as County Treasurer of Navarro county, and I am pleased to find that there are none but good words spoken for you everywhere.

It is natural that I should feel a strong interest in your candidacy since you lived with me for twenty five years, and in all that time our relations were of the most pleasant character.

My long association with you satisfies me that you are entirely worthy of the office which you seek, and I earnestly hope that the voters of Navarro county may give you the office to which you aspire.

With every good wish, I am, Yours sincerely,  
CHAS. H. MILLIS.

The above letter from one of Navarro county's most prominent citizens should be sufficient recommendation to the voters of the county and I respectfully solicit your vote and influence in the coming primary.

T. J. OLIVER.

## Slight Damage Done By Fire Wednesday

The fire department answered a call to the home of M. E. Cornwell, 316 South Sixteenth street, Wednesday afternoon about 3 o'clock.

Mrs. Cornwell was engaged in putting up preserves, it was stated, when the paraffine she was using caught fire, and a curtain began to ignite. The damage was reported to be slight.

NEW COUNTY JAIL  
WILL BE OPENED TO  
PUBLIC SATURDAYWILL BE READY FOR OC-  
UPANCY NEXT MON-  
DAY, STATED

The new Navarro county jail will be opened for public inspection Saturday and Sunday, and turned over to the county for use for confining prisoners Monday.

The new modern structure is being completed with only a few details to be worked, which includes the testing out of the wiring and plumbing, and cleaning up the building rubbish about the yard. These details are being rapidly looked after by workmen.

The building will be opened at 9 o'clock Saturday morning and the public will have an opportunity to go through and see the new property till 8 o'clock at night. Sunday afternoon it will be open to the public from 2 till 5 o'clock. The new jail has been erected at a total cost of \$87,300. The Southern Steel Company, San Antonio, were general contractors. The plumbing and heating installation was executed by C. A. Mullins, Corsicana, and the electric wiring by Beauchamp Electric Company, also of Corsicana.

As now constructed, the jail is modern in every detail, tool and fire proof. It has a ground floor and two upper stories, and will conveniently accommodate seventy-five prisoners without crowding.

In addition to the present system of cells and runaround, the west half of the upper story is left open for space to allow future expansion. This big space can be used as it now is for prisoners if there is an overflow, or for exercising.

The building is so constructed as to permit of classifying and segregating prisoners. Juveniles can be kept from older prisoners, blacks and whites can be segregated, and misdemeanor prisoners can be kept from those charged with felonies. In addition there are isolation wards for prisoners that need segregation for health reasons.

The building is of hard steel, concrete and brick construction throughout. The only wood in the entire structure is the doors and facings in the jailor's quarters.

The front has two main entrances, one to the jailor's quarters, and the other to the jailor's office. The latter is connected directly with the jail system. The latter is separated by a big iron door.

On the east side of the ground floor are the quarters for the jailor and his family. It is composed of a reception hall, two bedrooms, bathroom, dining room and kitchen.

The kitchen is equipped with all necessary equipment for cooking for the jailor's family and the prisoners as well. A big heater supplies hot water for the entire system, including the jailor's quarters and the prison cells.

The west half of the ground floor is made into cells for women prisoners and others for misdemeanor cases. These have baths, toilets, wash basins and sleeping bunks that are hooked up and let down with chains. There are six cells on this floor.

The second floor is equipped with cells for more serious and older offenders. There are four individual cells, each equipped with toilet, wash basin and four iron bunks. In the runaround there is a sleeping room for twelve, this is a total of 16 bunks, and on this floor are two isolation wards, equipped for two prisoners each. The west end has three cells with four bunks each and eight collapsible bunks in the runaround.

The east side of the third floor is duplicate of the east side of the second floor. The room is ample for present needs, and with space for future expansion the needs of the county can be met for many years to come.

The cell system is operated with automatic combination lock control. The attendant may open any cell door within without entering the runaround. The lock works with a combination control, making jail delivery difficult. The steel bars are saw and hack proof. The corridor four feet wide on each floor encircling the cells enables the jail attendants to inspect the quarters from the outside, and keeps prisoners out of reach of the outer windows. Each window, however, is barred with heavy steel. The plumbing, watering and heating pipes are all outside the cells, and repairs can be made to them in the corridor. Prisoners will not have access to any of the plumbing from within, and insures no damage done to it from that source.

The floors are seven inches in thickness and are of hard, reinforced concrete. The roof is nine inches in thickness. The building is naturally lighted well with an adequate system of windows, and well ventilated. The electric lighting system is in the corridor and is operated by the jailor from his office.

Each cell has a sanitary toilet and wash basin and each runaround is equipped with shower baths and flush basins. Hacksaws or chisels cannot be used effectively on the steel bars or solid iron doors.

A cornerstone on the front west side carried engraved the names of County Judge Hicks and Jack Megarity, D. T. Collins, Ben F. Guynes and Rube Milligan, the personnel of the county court, under whose administration the jail was built.

BARRY PREPARING  
FOR TRADES DAY  
NEXT SATURDAY

Special to the Sun.  
Barry, Texas, June 3.—Trades day, Saturday, June 6th, everybody invited to come and enjoy the occasion to the fullest. P. T. A. will have a booth and sell pies, home-made candy, pop corn, ice cream and probably other things.

**DISTRICT SUNDAY  
SCHOOL MEETING OF  
METHODIST CHURCHES**

**WORTHAM ROYALLY ENTER-  
TAINED VISITORS THERE  
TUESDAY, JUNE 1**

Special to the Sun.

Richland, Texas, June 3.—On June 1 the Corsicana District Sunday School Institute met in annual session at Wortham, Texas, with the local pastor, Rev. J. A. Walkup. The meeting was presided over by Rev. D. A. Chisholm, pastor of Eleventh Avenue Methodist church, Corsicana, and an instructive and interesting program was enjoyed by all.

The chief speakers were Dr. John M. Marcus, Rev. D. A. Chisholm, Rev. J. B. Curry of Dublin, chairman of the Conference S. S. Board, Rev. Ernest Lloyd of Fort Worth, director of Religious Education in First Methodist church. These brought inspirational and practical messages on Sunday School work.

The day was characterized by round-table discussions, which were introduced and led by some of the leading pastors and laymen of the district.

The Sunday School was discussed throughout and many useful and tried suggestions brought forward. More than 100 were present from various parts of the district and twice that number would have been present but were hindered by the heavy rain of the night before.

We were delightfully entertained by the good Wortham people. During the noon hour we were carried over the city via the new paved streets and then were treated to a regular feast. Good things to eat were in abundance and twice as many could have been taken care of.

The institute adjourned at 4 p.m., after a paper of resolutions of appreciation and thanks to Wortham church and people had been offered by Dr. Marcus and accepted by a unanimous rising vote.

C. O. BOATMAN, Reporter.

**PIANO-EXPRESSION  
PUPILS ODD FELLOWS  
HOME GIVE PROGRAM**

LARGE AUDIENCE ENJOYS  
PROGRAM AT HOME WED-  
NESDAY EVENING

A large and appreciative audience was present at the recital of the piano-expression pupils held Wednesday evening at the Odd Fellows' Home. Miss Annie Barker is head of the Department of Music and has as her assistant Miss Nannie Dean. Miss Mary Parthen heads the Department of Expression of the home.

The pupils which were presented in Wednesday night's recital all rendered their parts with credit and distinction. Their several abilities brought forth the applause of the many visitors present, and prompted a number of remarks complimentary to the students and their instructors.

The Girls Glee Club proved themselves very able in the rendition of a number of difficult pieces. Nina Thraen and Harold Davidson proved to be the most popular artists of the evening. These two tots were called back to the curtain several times, and responded freely with their songs.

The program follows:

- 1. Selection .... Girls Orchestra
- 2. Morning Invitation .... George A. Veasey
- 3. Girls Glee Club
- 4. The Butterfly .... Gustav Merkel
- 5. Bill Kelly
- 6. The Toy Heroes .... Wakefield Smith
- 7. Clara Irene Lynch
- 8. Tarentelle .... Charles Dennee
- 9. Lorena White
- 10. You're Just the One for Me .... Edwards
- 11. Nina Thraen, Harold Davidson
- 12. Le Papillon .... Callia Lavallee
- 13. Nell Dean
- 14. Lassie O'mine .... Bowles-Wall
- 15. Charlie Esther McCarley
- 16. Julia Cooke
- 17. Lustspiel Overture, Keler-Bela
- 18. Piano—Elsie Dunnell, Chris-
- 19. tine Arledge.
- 20. 2nd Piano—George Davidson.
- 21. Winnie Eddlemon.
- 22. Impromptu in A-Flat Major .... Fr. Schubert
- 23. Georgia Davidson
- 24. Whistling Solo .... Gracie Lewis
- 25. Humoresque, Op. 10, No. 5 .... S. Rachmaninoff
- 26. Elsie Dunnell
- 27. Ashes of Roses ....
- 28. Constance Mackaye
- 29. Mae Newbill
- 30. The Violet—Humoreske by
- 31. Dvorak, arranged by Paul
- 32. Bliss
- 33. Girls Glee Club

**Kerens Christians  
Holding Revival**

Special to the Sun.

Kerens, June 3.—The Christian church of Kerens is holding a series of revival meetings at the city tabernacle. The meeting will last through June 12, Rev. O. E. Phillips, an evangelist from Abilene, is doing the preaching.

**RICE FARMERS ARE  
BUSY WITH CROPS;  
FIRE SCHOOL BLDG.**

Special to the Sun.

Rice, Texas, June 3.—Farmers of the Rice community have been putting in full time in the fields this week, chopping and plowing cotton and corn. Cotton choppers are in great demand. The oat crop in this country which is said to be one of the largest in years, is being harvested this week. If the weather stays fair a few days longer the entire crop can be saved.

Fire was discovered in the basement of the school building Friday night but the blaze was extinguished before any damage was done. The blaze started in the coal room where some lumber had been piled and it is not known how it originated unless a lighted cigarette was thrown in the room by boys. The fire made a big smoke and hindered the fire fighters to some extent.

Ed Holmes of Corsicana was here Monday with R. L. Hamilton, president of the G. G. Rutherford Gin Co., which was recently incorporated, and which plant he expects to run this fall, looking over it and making plans for repairs and improvements to be made.

Mr. Holmes formerly resided in Rice for many years and owned and operated a gin here during

that time. For the present he will reside in Corsicana, coming back and forth on the interurban.

The Friday Bridge Club was entertained last Friday afternoon in the home of Mrs. B. H. Clark, with four tables set. The beautiful home was artistically decorated with nasturtiums and roses. Invited guests were Mesdames Fred York, Carl Heather, John Sloan and Alton Bradley. Refreshments were served in two courses. The first course consisted of cheese sandwiches, chicken salad, olives, potato chips and iced tea. Pineapple pie was served as dessert.

The XXth Century Club entertained Tuesday afternoon at the home of Mrs. W. N. Marshall, honoring Mrs. G. G. Dickey, who is soon to leave for Belton. There were three tables of bridge and two of 42. Refreshments of pressed chicken sandwiches, olives, potato chips, tea and cream and cake were served.

Mrs. J. S. Carter was elected to fill the vacancy in the club made by the resignation of Mrs. Dickey.

Mesdames Simpson, McMurray and Thomas and Misses Kathleen Barrington and Minnie Marshall were guests of the club. We re-

gret very much that Mr. and Mrs.

Dickey will be in Rice no longer.

Mr. and Mrs. Floyd Cox and

children visited relatives in Palmer Sunday.

Mrs. Estelle Culver of Hearne

visited relatives here last week.

Mrs. J. W. Holland returned

Monday from Houston, where she

has been for several weeks visiting.

Her daughter, Mrs. Frank

Matthews and children returned

with her and will visit here for several days.

Mrs. T. A. Scott and daughter, Mae, and Claudia Mae Dyer, drove to Glen Rose Sunday to see Mr. Scott, who has been there for several days taking treatment. Mr. Scott came home with them very much improved.

Miss Adeline Hays visited relatives in Dallas Sunday.

Mr. and Mrs. C. E. Broadbax of Groesbeck visited her parents, Mr. and Mrs. J. S. Dyer, here last week end.

Mr. and Mrs. B. A. Marcom and

three little daughters of Allen

were guests Sunday in the home

of Mr. and Mrs. G. B. Simpson.

Mr. and Mrs. Walter Knox and

children left Monday for Arkansas, where they will spend several days visiting relatives.

Dr. and Mrs. J. T. Carter and

daughter, Roberta, visited in Frost

Sunday.

**The First Design  
in Solid Silver**

..... to come out of the American Wing of the Metropolitan Museum of Art . . .

A GREAT new development in decorative art is under way, inspired by the American Wing. It is reviving the early American period, and modernizing it into the true American style.

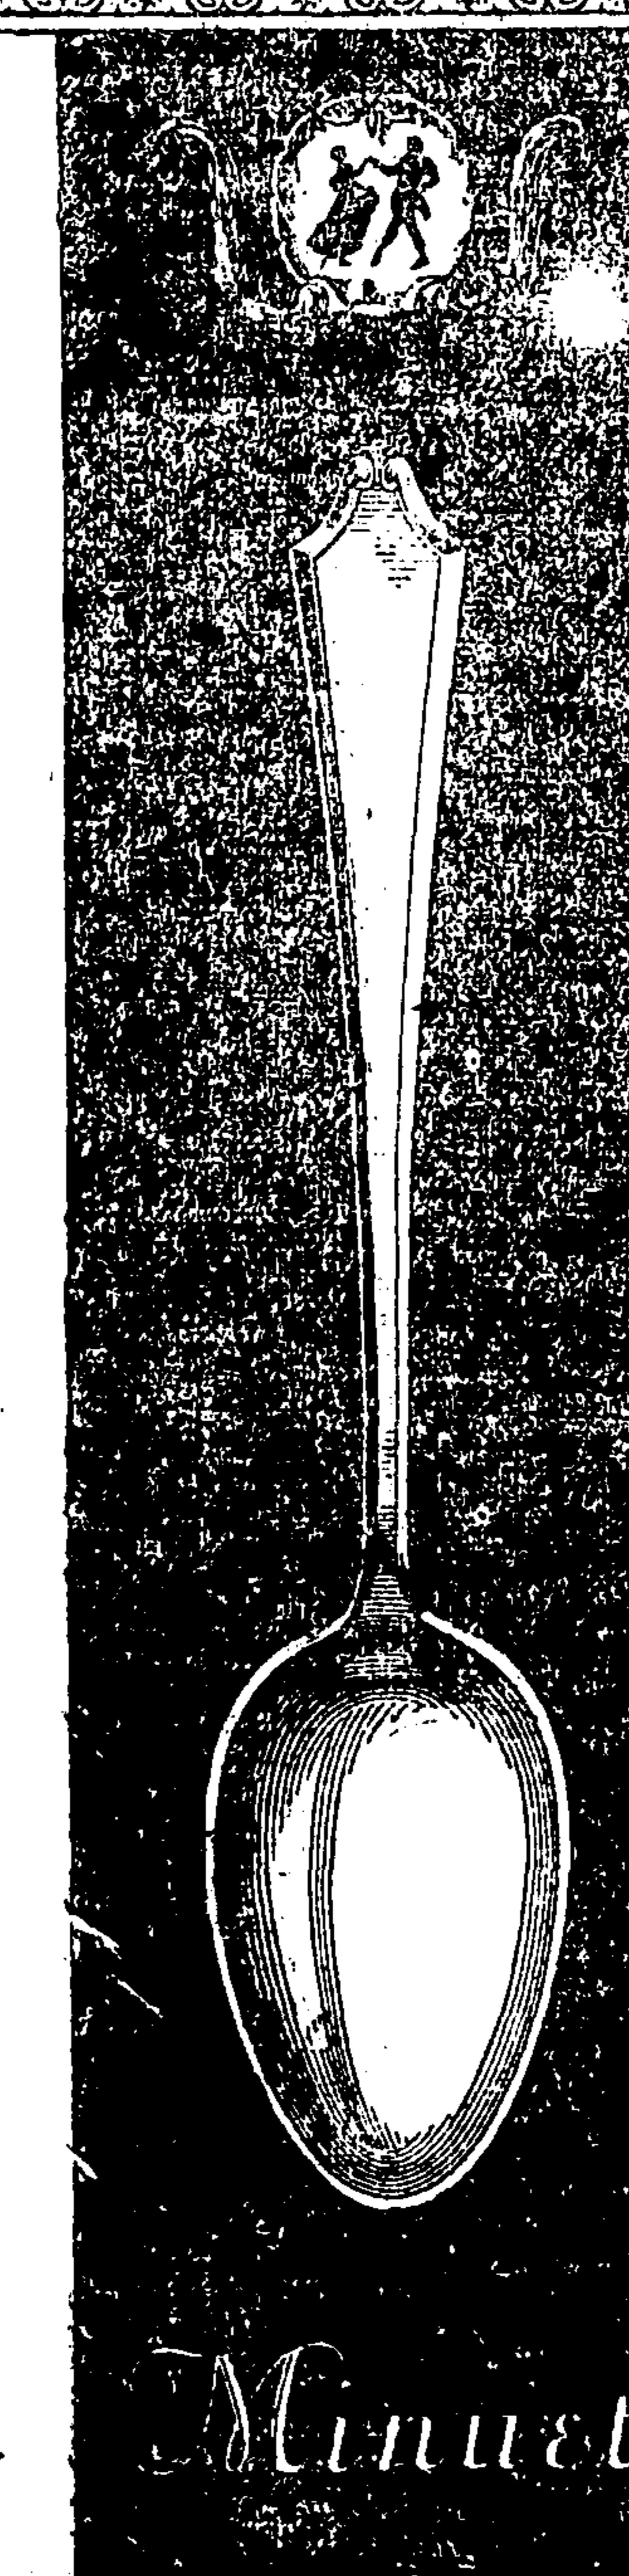

We take pride, therefore, in announcing the first design in solid silver, with the grace of America's most graceful period.

The Minuet.

All the quiet grace of early American has truly been wrought in modern silver in this lovely pattern.

This new and true American style is dominating today. Therefore we believe Minuet the most important design we are showing. Everyone interested in the progress of silverware is invited to see it.

## FIVE MASKED MEN STAGE SUCCESSFUL DAYLIGHT ROBBERY

By Associated Press.

Dallas, June 2.—Every peace officer within 100 miles of Dallas has been enlisted in a search for the four armed masked men who held up and robbed the Jefferson Bank and Trust Company in Oak Cliff of approximately \$20,000 and escaped in a small automobile, under fire of Cashier R. O. Barnes this morning at 10:45 o'clock.

After locking five bank attaches including President M. G. Young, and four patrons, in the vault, the bandits escaped down a side alley, were Barnes fired after them.

The cashier, by holding tumblers inside the vault door, had released himself and others within few seconds. None of his shots are believed to have taken effect. Police believe the robbers, fleeing in their small touring car headed for Fort Worth then doubled back into Dallas and scattered.

The first three figures of the bandit car license number "113," witnesses said, indicates the car was registered in Callahan county of which Baird is the seat. Police think the bandits may have been using a stolen car and that they may have changed to another car after leaving the vicinity of the

Rapidity with which the alarm was sounded helped police and county officers broadcast long distance telephone warnings throughout North Texas and Southern Oklahoma, only a short time after the holdup. Nothing had been heard of the bandits at 1 o'clock this afternoon by the dozens of officers scouring this and adjoining counties.

By Associated Press.

Dallas, June 2.—Five masked robbers locked eleven officials and patrons of the Jefferson Bank and Trust Company in Oak Cliff, in the vault, scooped up between \$15,000 and \$20,000 in currency and fled toward Fort Worth under a hail of bullets shortly before 11 o'clock today.

M. G. Young, president of the bank, was one of those forced into the vault. The robbers escaped down an alley siding the building, and fled in a small touring car.

One of the robbers was a negro, said witnesses who saw the five hustle into a small automobile at the end of the alley.

R. O. Barnes, cashier, one of those shut in the vault, caught the tumblers as the combination turned and freed the imprisoned party within a few seconds after the robbers left the bank by a side door. Barnes grabbed a gun and fired five apparently fruitless shots at the fugitives.

Only two of the robbers entered the bank, the others waiting outside. One of the active pair wore goggles and the other a black handkerchief tied across the bridge of his nose.

D. B. Blaine, joint owner of a drug store across the street from the bank, in which is a stockholder declared he believed he recognized the two robbers inside as men participating in several robberies in which he has been a victim. After his release from the vault with the others Blaine went immediately to detective headquarters to try to identify photographs.

## BORDER OFFICER DIES AFTER FIGHT WITH DRIVER TRUCK

By Associated Press.

Brownsville, Texas, June 1.—Lee Dicken, deputy sheriff of Cameron county and former Ranger, who had seen many years of service on the Mexican border from El Paso to the mouth of the Rio Grande, was shot to death about midnight last night when he three other officers attempted to halt a light truck which they had suspected of having a load of liquor.

The truck and two passengers escaped but six suspects are being held this morning for investigation.

Dicken's companions were not wounded. They were Alec Champion, Ernest Garcia and Ray Drouillet.

The shooting occurred about four and a half miles from Brownsville near the El Jardin pumping plant. The officers were awaiting the party on the banks of the main canal and when the car appeared on the bridge crossing the canal Dicken threw a light on them and ordered the driver to stop. Both men began firing immediately and sped away in the dark. The pursuit failed to catch the truck. Dicken was shot through the right shoulder and left ankle.

A third bullet had pierced a gun scabbard slung under his arm.

Mrs. Dicken, the wife, a grown son and daughter are in Brownsville from San Benito, the family home, but funeral arrangements have not been completed.

### Pie Supper!

## TWENTY YEARS AFTER

Comment on the Uniform International Sunday School Lesson for June 6, 1926.

Read Genesis 25 to 34

WM. SOUTHERN, JR.

### JACOB AND ESAU.

Scripture Lesson—Gen. 25:1-11. 1 And Jacob lifted up his eyes and looked, and, behold, Esau came, and with him four hundred men. And he divided the children unto Leah, and unto Rachel, and unto the two handmaids.

2 And he put the handmaids and their children foremost, and Leah and her children after, and Rachel and Joseph hindmost.

3 And he passed over before them, and bowed himself to the ground seven times, until he came near to his brother.

4 And Esau ran to meet him, and embraced him, and fell on his neck, and kissed him; and they wept.

5 And he lifted up his eyes, and saw the women and the children; and said, Who are those with thee?

6 And he said, The children which God hath graciously given thy servant.

7 Then the handmaids came near, and they and their children, and they bowed themselves.

8 And Leah also with her children came near, and bowed herself; and after came Joseph near, and Rachel and they bowed themselves.

9 And he said, What meanest thou by all this? which I met?

10 And Esau said, I have enough my brother; keep that thou hast unto thyself.

11 And Jacob said, Nay, I pray thee, my blessing that is brought to thee; because God hath dealt graciously with me, and because I have enough. And he urged him, and he took it.

12 Golden Text.—And be ye kind to another, tenderhearted, forgiving one another, even as God for Christ's sake hath forgiven you. Eph. 4:32.

In the book of Genesis are fifty chapters and through twenty-six of them runs the story of the life of Jacob.

It has been twenty years since Jacob fled the wrath of his brother Esau, built an altar at Bethel where he agreed to give God ten per cent of all he made and found his home with his Uncle Sam.

In this twenty years Jacob acquired two wives and eleven sons and one daughter. He also became rich in those other things which constituted riches in those days. He had flocks and herds, he had retainers by the score, he was a man to be considered.

Jacob was honest. He wanted to see again the oaks of Mamre and drink of the water of the old farm wells. He wanted once more to visit the places which were sacred to him when he was a boy. He wanted to see his own family again.

But Jacob was afraid. When he left home his brother Esau had

in the departments at Washington there is what is known as a conscience fund. There are many thousands of dollars in this fund. It is made up of monies sent anonymously by men and women with a little note saying they once defrauded Uncle Sam and although years had passed they could never forget that fraud.

Be sure your sin will find you out. It is the theme of many a story. Murderers are said to haunt the place where the crime was committed and many a man has fled and remained a wanderer for years and returned to face his crime and then for the first time slept peacefully although behind jail bars.

I have often heard men bitter because others whom they knew as wicked as breakers of the law, had piled up riches while they themselves were poor. I have heard men grumble because crookedness seemed to prosper and goodness

## EXTRAORDINARY PLEA PUT FORTH IN MURDER TRIAL

By Associated Press.

Eastland, Texas, June 1.—Expressing doubt as to whether any Texas laws are in force at present, attorneys defending Chester Johnson on a murder charge, presented an extraordinary demurrer in district court here today.

Barker and Orn, Cisco attorneys for Johnson, claimed that all Texas laws prior to January, 1925, were replaced by acts of the 35th legislature of which "no authentic copy has been published," and that they, therefore, are not certain he has committed any offense against the State of Texas. The defendant and his attorneys, they claimed, are unable to determine whether the legislature passed any new laws. If any such laws were passed, counsel maintained, none of them have been published bearing the certificate of the Secretary of State, "as required by the constitution of the State of Texas."

Johnson is on trial for murder in connection with the fatal shooting of Plummer Tyler at Cisco last March 18. Self-defense has been alleged.

The court overruled the defense plea for continuance until Johnson's attorneys could procure a copy of "The Laws of the State of Texas published under and by the authority of the Secretary of State and bearing the seal of that office."

Trial of the case is proceeding, but the defense intimated the disputed point will be taken to the Court of Criminal Appeals.

To Make Survey of  
Large Pruitt Farms

N. R. Bentley, engineer from A. & M. will be in Corsicana Wednesday to join H. Gentry, farm demonstration agent, in making a topographical survey of the Pruitt farms of 2,000 acres north of Ennis. It was announced here Tuesday.

There will be a pie supper at Black Hills Friday night, June 4 for the benefit of the church. All candidates invited.

T. F. Green of Dallas was here today.

## FORMER SECRETARY NAVY SPEAKS BEFORE DEMOCRATIC LEADERS

By Associated Press.

Columbus, Ohio, June 2.—Jeffersonian principles of government were advocated and the two-thirds rule for nominating Democratic presidential candidates and the unit rule binding states to one candidate were assailed by former Secretary of the Navy Josephus Daniels at a state-wide meeting of democratic leaders here today.

"The hour has struck," said Mr. Daniels, "for the democratic party to rid itself of the body of death, popularly known as the two-thirds rule. It is a misnomer. It is a big stick that can be used to enable a handful of delegates to thwart the will of the majority."

"Just so long as it is possible for 267 delegates to a convention made up of 1,098 delegates to defeat the will of over 800, just so long is it a possible menace."

"The day of the two-thirds rule goes to the scrap heap to which it is now headed, that day also should the unit rule go into innocuous desuetude. They were born in the same atmosphere, and it is fitting that they should be sepulchred together as enemies of the easy ascertainment and acceptance of the rule of the majority."

The former navy secretary criticized the economy program of the Coolidge administration. He quoted figures which he said proved his contention and the "cost of government is steadily rising."

One of the things which give us to know that the Bible is true is that it conceals nothing. In the characters which move through the pages the bad as well as the good is related. Jacob does not appear as a very lovable character in the first part of his life. His crooked ways are set out in detail.

There is a lot of satisfaction in this to most of us. If God can make a great and useful man out of one like Jacob, perhaps he may be able to make something out of us.

Go tells us that our sins, brought to light and repented are forgiven but never does he absolve us from the natural results of the evils we do. There is always a scar somewhere. Jacob, forgiven his name changed, a good man now, suffered all his life, in what happened to Dinah his daughter, in what happened to Joseph his best beloved son. The nation of Edomites strove people of Esau, tormented the Israelites for generations. They would not let them go through their territory to get the promised land and the Bible record carries them in the picture, always hating the Hebrews, until the second century before Christ.

God does his great work in the hearts of men, moves us as pupus, all of us a part in the great plan. It required twenty years to make a Christian out of Jacob, the Hebrew nation passed through centuries of struggle before the nation became prosperous and great. Then centuries of decay.

It was all a part of God's great plan. We are part of God's great plan. Time does not count. One mistake is that we are impatient and want to reform the world and see the results in one short lifetime.—The Republic Syndicate.

## \$100.00 Burroughs Portable Adding Machine

Standish Backus, president of the Burroughs Adding Machine Company and Miss Jewel McGrath, expert Burroughs test operator, inspecting company's latest product.

A portable adding machine for use in the home, as well as in the store or office, is the latest innovation in figuring equipment to be announced by the Burroughs Adding Machine Company.

"Pencil figuring is fast going out of date," said President Standish Backus in his announcement. "It's a sort of mental drudgery that most people dislike, and sidestep whenever possible.

In the modern bank or business office, you never see anyone adding up columns of figures by hand. They always go to the machine. Pencil figuring is too slow and too inaccurate.

"Every one who has any amount of figuring to do, whether it's at home, in the store, or in the office, feels the same way about it. That's why we decided to build a smaller, or portable, adding machine."

The Burroughs Portable is a sturdy, good-looking machine, with a standard keyboard. It contains eight rows of keys and has a total adding capacity of \$999,999.99, which should prove quite sufficient for most uses.

It is also equipped with all the regular features of the bigger adding machines such as total and sub-total keys, error key, repeat key, non-add key, and it is being sold and, of course, serviced by the company's regular agencies.

A good many of the new portable machines are already in use. The first machines were shipped out to the company's agencies last September.

"Most of our advance orders," President Backus said, "have come from small stores, business and professional offices and private homes. Our sales records show that to date we have sold 22,325 notable machines."

SUPERINTENDENTS  
OIL MILLS DISCUSS  
TECHNICAL MATTERS

By Associated Press.  
Galveston, Texas, June 3.—Mechanical and chemical problems relating to the oil mill industry were scheduled for discussion at today's session of the thirty-third annual convention of the National Oil Mill Superintendents' Association, here today. Papers on today's program in-

cluded: "Good Housekeeping in Its Relation to the Cotton Oil Industry," R. W. Fort, Dallas; "Separation," W. C. Davis, Sweetwater; "The Oil Engine, Its Use in Oil Mills," A. G. Wright, Dallas; "Internal Combustion Engines," Charles Wooten, Luling; "Electric Power for Oil Mills," B. K. Howard, Dallas; "Milling Industry of South America," J. Berlin; De M. Carvalho, Rio De Janeiro; "Chemistry as Applied to Oil Mills," Dr. Felix Paquin, Galveston.

Have you heard "THE OWLS HOOT"? It's a new dance hit by New Orleans Owls.—City Book Store.

## Walter Camp Memorial Gateway

THIS imposing entrance to the famous Yale Bowl and other Yale athletic fields at New Haven, Conn., is to be the central feature of the \$300,000 national memorial to the late Walter Camp. Under plans sponsored jointly by the National Collegiate Association and Yale University, a tribute to the man who, during his life, was more intimately connected with the development of American football than any other individual is to be erected through gifts from 450 colleges and universities situated in every state in the Union. Scores of "prep" schools, college and university which contributes to the memorial fund. Yale alumni, through their committees have pledged themselves to raise \$150,000 of the cost. The remaining half is to be raised among all other colleges through a special committee headed by E. K. Hall of Dartmouth, chairman of the Football Rules Committee.

It is estimated that half a million people will pass through this me-

## Markets

Cotton Opens at Advance.  
By Associated Press.

New York, June 3.—The cotton market opened steady at an advance of seven points to a decline of one point, active months selling about three to six points net higher in response to relatively steady Liverpool cables, reports of further rains in the southwest and talk of an increased spot demand. July sold up to 18.42 and December to 17.58 in early trading. Offerings were comparatively light, and prices held within a few points of the best at the end of the first hour.

The market turned a shade easier late in the forenoon under near liquidation which sent July off to 18.32 or about 3 points net lower.

Later months eased off in consequence, but were relatively steady on the prospect for unsettled weather in the southwest with December ruling around 17.57 at mid-day, when the general market was net 3 points lower to six points higher.

The market showed little further change, prices holding around 18.33 for July and 17.57 for December at 2 o'clock, or about 2 points net lower to 5 points net higher.

## New York Futures Steady.

By Associated Press.

New York, June 3.—Cotton futures closed steady at net unchanged to 8 points up:

Prev.	High	Low	Close	Close	Opp.
Jan. 17.55	17.50	17.52	17.49	17.50	17.75
May. 17.72	17.65	17.70	17.64	17.75

## Texas Markets Closed.

By Associated Press.

Dallas, June 3.—Texas cotton markets closed, holiday.

## Liverpool Spots Quiet.

By Associated Press.

Liverpool, June 3.—Cotton spot quiet. American strict good middling 11.25; good middling 10.95; strict middling 10.70; middling 10.30; strict low middling 9.60; low middling 8.65; strict good ordinary 7.70; good ordinary 6.95. Sales 5,000 bales, 2,600 American. Receipts 4,000, American 2,300.

## Wheat Prices Advance.

By Associated Press.

Chicago, June 3.—Unexpected strength in wheat quotations at Liverpool with reports of less favorable conditions for European crops, gave an early upward swing to the wheat market here. Excessive wet weather in France, Italy and Czechoslovakia were said to have caused damage. Starting half to 1.12 cents up, wheat made some further advance but later reached a bit.

Corn and oats were firmer, corn opening quarter to 5.8 cents up, and then advancing further. Provisions scored material gains.

JUDGE SENDS  
EDITORS TO JAIL  
CONTEMPT COURT

By Associated Press.

Baltimore, June 1.—Managing Editor Harold E. Eliston, of The Baltimore News, today was sentenced to one day in jail and fined \$5,000 by Criminal Court Judge Eugene O'Dunne, for contempt of court in the publication of cartoon pictures of the Richard Reese Whittemore murder trial on May 21.

City Editor Harry Clark of The News, Managing Editor Earl C. Delton of the Baltimore American and William Klemm and William Sturm, photographers for the two newspapers, each were sentenced to one day in jail, with no fine. Counsel for the newspaper men filed notice of appeal and Judge O'Dunne admitted them to bail.

unchanged; top veals 11.50; stockers and feeders slow; weak.

Hogs 7,000; higher; bulk of sales 13.75 @ 14.15; packing sows 12.25 @ 12.00; stock pigs 14.50 @ 15.50.

Sheep 10,000; strong; California lambs 17.10; natives 16.50 @ 16.85; Medium Texas wethers 6.50.

Wool Market Irregular.

By Associated Press.

London, June 3.—There was a good attendance at the wool auctions today, and offers amounted to 11,974 bales. Fine wools were firm; while medium and lower grades were irregular. Home buyers continued to buy close owing to the coal situation.

## Stock Prices Advance.

By Associated Press.

New York, June 3.—Stock prices headed upward at the opening of today's market as operations for the rise encountered little resistance. Nickel Plate and Chesapeake and Ohio were strengthened by reports that a revised merger plan would soon be ready, but other rails were sluggish.

Dupont advanced more than two points following yesterday's brisk rise in General Motors, while Mack Trucks gained 1.14 points.

Brisk rallies in all the Van Sweringen rail stocks were the center of interest in the early dealings, strengthening the belief that new terms were being mapped out for the consolidation plan. Pere Marquette soared almost five points to a new top price above 91. Nickel Plate extended its gain to more than two points and the Erie Common and preferred issues gained about point. Meanwhile favorable trade news including the report of freight loadings in excess of a million cars for the second week this year, a reduction in surplus gasoline stocks and an increase in steel specifications, stimulated buying of other stocks.

Kresge department stores preferred jumped five points and gains of one to two points were recorded by U. S. Steel, Woolworth, Hudson Motors, Fisk Rubber, Worthington Pump and U. S. Alcohol.

Despite the house ratification of the French debt pact, French francs and most of the European exchanges lost ground. Demand sterling ruled slightly under \$4.86.

NO TRACE ROBBERS  
OAK CLIFF BANK IS  
FOUND BY OFFICERSBELIEF EXPRESSED THAT  
MEN WERE EXPERIENCED  
AT GAME OF ROBBERY

## By Associated Press.

Dallas, June 3.—Officers seeking four robbers who held up an Oak Cliff suburban bank and made off with \$17,000 cash yesterday had not caught them today.

Several suspects were held for questioning, but the robbers and the money are still out of sight, following the quartettes successful flight in an automobile after locking 11 bank attachés and patrons in the vault.

The ease with which the robbers engineered the hold-up and disappeared indicates to police that they probably were "old heads" at the game, and the game, and the search is being conducted in accordance with that theory.
